Dear Dan,

Enjoyed your party very much.

Here is the se cond part of the chapter of which I gave you the first half last night. Sorry you haven't seen the rest of the iceberg, the first part of the addition to COUP, which is 300 such pages!

When you have finished with these, I'd like to get them to Sam Abbott, if that is not too much trouble (Rm 906, Dupont Circle Bldg) or you can mail them to me, whichever is less inconvenient for you.

Don't know when, if or how this book will be printed, but I want Abbott to be thinking of a cover.

Have a good holiday.

Your puppy is great.

Best,
